GOES OVER FOR REGULAR SESSION

Senate Three Times Refuses Overwhelmingly To Ratify

TREATY LAID ASIDE

Senator Lodge Offers Motion After His Resolution is Defeated—All Compromises Fail.

After three attempts to ratify the peace treaty had failed, the Senate late last night gave up the attempt and laid the treaty aside.

All compromise efforts to bring ratification failed, the three resolutions of ratification all going down by overwhelming majorities. The Republican leaders apparently despairing of bringing two-thirds of the Senate together for any sort of ratification, then put in a resolution to declare the war at an end.

Two of the three ratification votes were taken on the resolution drafted by the Republican majority, containing reservations which President Wilson had told Democratic Senators in a letter earlier in the day would mean nullification of the treaty. On each of the votes most of the Democratic supporters of the treaty voted against ratification

The resolution of ratification of the peace treaty containing the Lodge reservations was rejected with the vote 39 for to 55 against adoption. Four Democrats—Gore, Shields, Smith, of Georgia, and Walsh, of Massachusetts, voted with 35 Republicans for adoption.

Democratic Senators favoring ratification either without reservations or with less drastic interpretations voted against the resolution, which had been described by President Wilson as one of "nullification," rather than ratification.

The negative vote consisted of 42 Democrats and 13 Republicans. The latter were:

Borah, Brandegee, Fernald, France, Gronna, Johnson, of California, Knox, La Follette, McCormick, Moses, Norris Poindexter and Sherman.

The vote cleared the way for the consideration of possible compromise proposals acceptable to the majority of the Democrats and the mild reservation group of Republicans.

In order to put the treaty into a parliamentary situation where another vote could be had after efforts at compromise, the Senate then voted to reconsider its action. The motion was made by Senator Reed, Democrat, of Missouri, and was adopted by the vote of the Democrats and mild reservation Republicans.

The effect of the reconsideration was merely to bring the committee resolution back to the same status it occupied before the ratification roll call.

The vote on the motion to reconsider was 62 to 30.

An effort by Democratic Leader Hitchcock to have the Senate adjourn at this stage failed, the mild reservationists lining up with the other Republicans against the adjournment motion.

The motion to adjourn was defeated 51 to 42.

TAG DAY FOR HOSPITAL

Saturday Women Will Sell Tags—All Are Urged to Help Cause

Tags will be sold on the streets Saturday for the benefit of the Alexandria Hospital. A committee of women will be engaged in the work and an appeal is made to everyone to purchase a tag for the benefit of this worthy institution. No price has been set upon the tags and whatever you can afford to give will be gladly accepted by those engaged in disposing of the tags. There is no more deserving institution in this city, than the Alexandria Hospital, and if everyone gives what they can on Saturday, it will add consideraly to the financial needs of this institution.

The remarkable array of talent to be seen in a "Kingdom of Dreams," featuring Anita Stewart at the Richmond tomorrow was assembled for one purpose—to make, as nearly as humanly possible, a perfect photoplay.

SOCIETY HADASAH

Organization Effected Last Night by Rabbi Joseph L. Kohn

The Society of Hadasah was organized in this city last night at a meeting held at the residence of Mr. and Mrs. B. Abramson by Rabbi Joseph L. Kohn, Rockway Beach, N. Y.

The organization was effected with the election of these officers: Mrs. Sam Fagelson, president; Mrs. Abe L. Cohen, vice president; Mrs. J. Shapiro, treasurer, Miss Rose Shapiro, secretary.

The prime purpose of the organization is to get the Jewish women together in order that they may become interested in fellowship and religion.

Two weeks ago a Sunday School was organized. The Young Judea Club holds meetings every Sunday morning after Sunday School. Service and lectures are held every Friday evening at 8 o'clock.

YEGGS BLOW P. O. SAFES

Modern Vault at Wytheville, Va., Opened With Nitroglycerin

Wytheville, Va., Nov. 20.—Wytheville postoffice was robbed Tuesday night, the robbers securing about $100 in cash and $1,000 worth of registered war savings stamps.

The burglars, who were evidently experts, forced an entrance to the building by a rear window, then unlocked a rear door, the key being on the inside of the door. Several holes were drilled in the outer door of a large iron vault and it was blown open with nitro-glycerin. Wax and packing were on the floor this morning when the office was opened at six o'clock. Odors of the explosive were noticeable throughout the building. The inner safe of the vault was also blown open, but a smaller safe, which contained stamps and other valuables, resisted, and though the top was blown off, the burglars failed to get into where stamps and other valuables were stored.

Mail sacks were used to muffle the explosions. It is believed an electric drill was used.

Cooperaiton in making this list correct and complete is asked by the rector.

HIGH SCHOOL PLAYERS

All three are attractive and entertaining, though short. The personnel of the H. S. students is well represented in these plays, since three casts had to be chosen and all three are different. Come and see your young friends.

IN GRIP OF A COAL FAMINE

Domestic Deliveries in South Are Limited to One Ton

MUST MEET SCARCITY

Public Fails to Realize Seriousness of Situation—Strike Resumed in West Virginia.

Atlanta, Ga., Nov. 20.—Domestic consumers of coal in the South were put on a war-time basis last night by orders issued by the coal committee of the Southern regional committee of the railroad administration, limiting purchase of coal for home use to one ton to a household. The order followed that of two days ago cutting off manufacturers from purchases of coal and limiting supplies to the first five classes of the fuel priority list, and it was indicated by members of the committee that unless the soft coal strike situation improves shortly and more coal is mined, much more severe restrictions may become necessary.

It may become imperative to forbid use of electricity for show windows in stores, unnecessary advertising and even for moving picture and other theaters, it was said. Meantime the public generally was urged to conserve coal and lighting as much as possible. The general public does not realize the seriousness of the situation members of the committee said.

Last night's order, which applies to all the territory east of the Mississippi and South of Ohio and Potomac rivers, except parts of Virginia in the Pocahontas district, was addressed to all coal agents in the Southern region.

CHILD LABOR AGE

World Conference to Sumbit Plan to Nations—Orient Excepted

Washington, Nov. 20.—Unanimous approval was given yesterday by the international labor conference to the plan of submitting to the governments represented an international agreement regulating child labor and fixing minimum ages of employment. For all countries except Japan, India and a few others in the Orient, agreement would fix the age at 14 years. The age fixed for Japan and India is 12 years.

Employment of women in industries, where the materials used might be detrimental to maternity, was disapproved by the conference.

The inclusion of India in the child labor provisions came about through an amendment that placed Atul Chandra Chatterjee, government delegate, and Narayan Mallar Joshi, labor delegate of India, in sharp opposition. The government delegate insisted the time had not arrived when such radical changes could be introduced in his country.

SESSUE HAYAKAWA IN "THE MAN BENEATH."

Although his skin was brown, his heart was white.

The Hindu loved the beautiful Scotch lass, but rather than make her a social outcast he suffered in silence.

The story of a high class Hindu who, for the sake of the girl he loved, faced death and frustrated the spies of a black-hand society by a clever ruse and the use of mystic Oriental power!

VIRGINIA DRY AGENT NAMED

S. R. Donohoe, Former State Senator Is Appointed.

Daniel C. Roper, Commissioner of Internal Revenue, yesterday announced the apointment of S. R. Donohoe, of Fairfax, Va., as Federal prohibition director for this State. Mr. Donohoe entered upon his duties, following a conference in Washington with Commissioner Roper and John F. Kramer, Prohibition Commissioner.

Mr. Donohoe is 68 years old, is a former newspaper man and served as state treasurer and as a member of the Virginia Senate.

Commissioner Roper also announced that frequent inquiries have been received by the Bureau of Internal Revenue concerning exportation of distilled spirits during the wartime prohibition period.

There is no statute prohibiting the exportation of distilled spirits for beverage purposes or for nonbeverage purposes before the prohibition amendment to the Constitution becomes effective. The act of November 21, 1918, specifically permits the withdrawal of spirits for beverage purposes for export during the period of wartime prohibition. Spirits may be withdrawn free of tax from bonded warehouses for export in original packages, or to be bottled in bond for export.

Bottling in bond of spirits for export may be done only in the bottling warehouse of the distillery at which the spirits were produced, or at a special bonded warehouse.

HOUSE SESSION AT END

Adjournment Until December Taken; Five Vote "No."

The special session of Congress called by President Wilson six months ago came to an end in the House at 4:02 o'clock yesterday afternoon, while the Senate was still debating the treaty of peace.

The usual program of fun making and songs which marks the end of most sessions was omitted, most of the members having departed to their homes long before the hour of formal adjournment. An hour of political speechmaking took place when the House met, in which there was an exchange of criticisms between Democratic and Republican leaders made for campaign purposes. The House then took a recess until the President could be notified of the impending adjournment and sign the bills presented to him.

These included the resolution extending the war powers of the war trade board for protecting the American dye industry and a bill enabling the government to receive $400,000,000 in behalf of the railroads to pay for rolling stock bought during Federal control.

SHOWED THEIR HONESTY

Anniston, Ala., Nov. 20.—The rugged honesty of the mountain folk who made "moonshine" and are caught at it by revenue men was shown this week when twelve of thirteen Federal prisoners began serving trems in the jail here.

The thirteenth man sent word that he would be in as soon as he had finished killing some hogs and his cell has been made ready for him. The men had all been convicted at the last term of Federal court and had been sentenced to thirty and sixty days' terms in jail by Judge Walter L. Grubb.

All of them are farmers and Judge Grubs allowed them to go to their homes and gather their crops before beginning their terms, each man giving his word that he would be on hand at the promised time.

ALBERT L. STEEVES KILLED BY ENGINE

Body Cut in Two at Southern Railway Yards

JURY PROBES CASE

Two Witnesses Testify They Cried to Steeves But He Failed to Hear Them.

Albert L. Steeves, nineteen years old, who was employed as a hostler's helper at the Southern Railroad, was struck and instantly killed at 4.20 o'clock yesterday afternoon in the company's yards by engine 1111.

Steeves, who had just left the roundhouse, evidently failed to see the approaching engine which was backing at the time and it was testified before the coroner's jury that despite cries made to him he walked in front of the locomotive and was ground to death by the wheels of the monster engine. His body was literally cut in two and one arm severed.

The body was taken to Wheatley's mortuary chapel and an inquest held last night at 9 o'clock by Dr. T. M. Jones. After hearing the testimony of three witnesses the jury gave a verdict that he came to his death by being run over by engine 1111 on the Southern Railroad near the supply house of the Southern Railway yard, but failed to fix the responsibility.

The jury was composed of Thomas Chauncey, foreman; Jerome Kaufman, John McCuen, Charles Wingate Summers, Julian F. Poss and H. Friedlander.

William R. A Kleysteuber, chief electrician at the Southern, was the first witness called. His testimony was that upon seeing Steeves he cried to him and he failed to hear him. Leonard Chambers, colored, an employee of the company, also cried to the deceased who failed to hear him, he testified.

Engineer H. E. Hawkins testified he did not see the man at the time. The deceased is survived by his mother, Mrs. Fraci A. Harre. The body will be shipped tomorrow to Dayton, Va., for burial.

SEEKS FLOOD'S SEAT

Representative a Candidate as Successer to the Late Senator Martin

Winchester, Va., Nov. 20.—Basing his action on a newspaper statement to the effect that Representative Henry D. Flood, of Appomattox, had announced himself a candidate in the Democratic primary next August for the nomination to fill the unexpired term of the late Senator Martin, against Carter Glass the ad interim appointee, James H. C. Grasty, of Staunton, has announced that he will be a candidate for Mr. Flood's seat in the House of Representatives from the Tenth Virginia district.

Mr. Grasty states that he is not ready to announce his platform, but declares he is a "firm supporter of law and order." He was for several years a member of the Virginia house of delegates, and is president of the Augusta County Farmers' Union.

STEAMER MIDLAND READY

After having been practically rebuilt at the South Plant of the Baltimore Dry Docks and Shipbuilding Company, the Norfolk and Washington Steamboat Company's steamer Midland will be delivered to her owners tomorrow. All of the superstructure of this ship aft of the pilot house was destroyed by fire in Washington last spring, little except her hull, which is steel, having been left of her. As nearly as possible the work of rebuilding this vessel has been along lines similar to those used in the building of the other two steamers of the Norfolk and Washington Steamboat Company, Northland and Southland.

All of the machinery has been repaired or rebuilt. Upon its arrival in Washington the Midland will be placed in commission on the line immediately to replace each of the other two steamers in order that they might receive their annual overhauling.

TROOPS FIGHT MOB

Egyptian Ministry Resigns as Protest Against Milner Inquiry

Ten of the wounded are reported to be in a serious condition. The demonstrations were continued today but in an orderly manner.

London, Nov. 20.—The Egyptian ministry has resigned because of dissatisfaction with the mission appointed by Lord Milner, secretary for the colonies, for the investigation of the unrest in Egypt, according to official dispatches from Cairo yesterday.

Rioting occurred all day Tuesday in Alexandria and the military restored order.

WRITS OF ERROR ALLOWED.

Granted by Supreme Court of Appeals in Two Cases Involving Suits for Damages

Richmond, Nov. 20.—Writ of error was allowed this week in the case of Gordon's Administrators against the Southern Railway Company in the Supreme Court of Appeals of Virginia. Damages to the extent of $10,000 for the death of Fannie Gordon, killed by a train near Shipman a year ago, is asked in the case, which was decided in favor of the company in the Circuit Court of Nelson County.

Another writ of error granted was in the case of Dixon vs. Dingus. Appeal was also granted from the decision of the City Circuit Court of Danville in the case of the Queen Insurance Company vs. Laura E. Perkins. The jury of the Danville court awarded $1,000 in fire insurance to the plaintiff in the former case.

Refusal to grant a writ of error in the case of W. H. Wood vs. Amer Kline was made. This case came from the Luenburg County Circuit Court and involved an alleged breach of contract, for which Wood sued for $1,247.77. Verdict rendered in the lower court was $101.

TREATY GOES OVER

The failure of the Senate to adopt the treaty was read with disappointment by a large majority of the people of the United States, who are convinced that President Wilson understands the situation clearer than his critics. The mass of the people have ever believed his plans are for the best. The treaty merely goes over, however, and it can be called up again within the next few weeks, as the regular session of Congress begins the first Monday in next month.

The Baltimore Sun expresses the situation when it says "the refusal of the Senate to ratify opens the way for further and more rational action. It is absurd to argue, as some of the bitter-enders have done, that this action kills the treaty for good and that it cannot be taken up again by the Senate. If a majority of the Senators really want the treaty and the League of Nations they can get them.

"The question now is whether a majority of the Senators do really want the treaty. More accurately, perhaps, it is whether the American people want the treaty and whether they have the power to impress their will upon the Senate.

"A most solemn responsibility now rests upon the moderate reservationists in the Senate. President Wilson has indicated a willingness to accept reservations which do not nullify the covenant. The reservations adopted by the Senate would nullify the covenant, as foreign comment during the last two weeks and their own content show. There must be recession from some of these. On the other hand, the minority in the Senate, which has shown itself competent to defeat ratification with the Lodge reservations and which therefore must be recognized as a body necessary to be bargained with, should, in the face of the situation which has developed, show itself ready to make such concessions as will not amount to a nullifiation of the covenant.

"They will no doubt follow the lead of the President and adopt this attitude. The decision, then, rests squarely in the hands of the moderate reservationists. Theirs will be a sad situation indeed if they sacrifice the treaty for reasons which history and their own country men will not approve."

FERRETING OUT "REDS"

The drive now being conducted by the federal authorities for the purpose of deporting certain undesirables who have entered the United States from other countries for the purpose of overthrowing our government meets with the hearty approval of all lovers of law and order. Recent disclosures show that bombs are to be sent out during the holiday season in the guise of Christmas reminders. They are to be directed to certain government and state officials who have been active in bringing to justice thugs who have murdered or assaulted law-abiding people.

Scenes in court in which these vampires have been arraigned are suggestive. The investigation of the alleged radicals who have been caught in the meshes of the Federal drive for all "Reds" and "Bolshevicks" throughout the Fairmont W. Va., coal region was concluded yesterday evening by Inspector O'Brien, of the United States Bureau of Immigration.

David Black, a Russian, was the last witness heard, and he gave some startling testimony. When asked to raise his right hand to be sowrn, he said, "No; I cannot take an oath because I do not believe in God."

When asked if he was an anarchist, he said he was not one, but was a student of the cause and hoped to be one some day. He said that he did not believe in any government and that he indorsed "free love."

SOLDIER SEES ONCE MORE

Delicate Operation Restores Sight of Man Injured After War Ceased

Baltimore, Nov. 19.—James B. Clayton, of Clymer, Pa., a member of the 110th Infantry, totally blind for over six months, has had his sight restored through a surgical operation performed by Major James P. Wheeler, of the surgical staff of Fort McHenry.

A peculiar feature of Clayton's case is that his sight was lost by shell fire after the signing of the armistice. On November 22, 1918, while bringing a number of prisoners through the Argonne Woods, a shell exploded, killing four men and wounding a number of others. Three fingers of Clayton's left hand were blown off and the sight of his left eye destroyed. This left the man totally blind. Clayton is the fourth man to have his sight restored by the surgeons of Fort Mc Henry. He will shortly receive his discharge.

SCARCITY OF FUEL

Richmond, Nov. 19.—Richmond is facing a severe coal shortage, and many industries will be forced to suspend operations in the course of the next few weeks, if the drastic coal conservation orders are not modified considerably. This seems to be the consensus of opinion held by Richmond manufacturers and coal dealers in general. A careful check of the amount of coal on hand at a representative number of local plants, shows that the present supplies will last a period of from ten day to three weeks.

Two weeks' supply of coal is the limit of the supply at the present time. Notification has been sent coal dealers by the railroads by which only the factories making foodstuffs are to be allowed coal at the present time.

TEN THOUSAND PEOPLE IN "VIRTUOUS MEN"

When "Virtuous Men," the big Ralph Inc Film Attraction starring E. K. Lincoln, is presented by Manager Rose and Seigel at the Grand Theatre, it is claimed all records in the matter of impressive scenes will be broken. The subject dealt with in the S-L picture, starring E. K. Lincoln and directed by Ralph Ince, required more than ten thousand supernumeraries.

Several weeks of careful rehearsing and drilling was spent by Ralph Inc in impressing the idea of the necessary action on the minds of this extraordinary throng.

E. K. Lincoln, the star, as well as Grace Darling and Clara Joel, were placed in close touch with the "extras' in order that the enormous crowd might act natural and to avoid the studied effect usually found in crowd scenes several extraordinary scenes were secured. It is said Ince seized upon the opportunity to pick from the many thousands of people at his disposal many types of peculiar and distinctive personality. Come early.

INFLUENZA

Another Epidemic of Dread Scourge Threatens the Nation

Don't Let Chills and Colds Depress You—Pepsinol Builds Strength

WARNINGS issued by leading physicians and health authorities that another epidemic of Influenza is threatening the American people is in the interest of the conservation of life. The first epidemic, in which more than 500,000 lost their lives, struck the nation unprepared, thinking only of the war and its outcome.

Now people have time to think of their personal welfare. They have time to build up their strength, as the physicians advise. They have time to decide what is best to increase their power of resistance, best to meet the attacks of germs which spread Influenza. They know when a cold develops, when chills suddenly attack them, that Pepsinol will conserve their strength, increase their vitality, make the bodily organs function in perfect order and invigorate the whole constitution.

Pepsinol is the world-famous Strength-Renewer, Vitalizer and General Conditioner that builds up Body, Brain, Blood and Nerves. It takes you out of the valley of disease and sets you on the heights of robust, rosy health.

Genuine Pepsinol is made only by The Peplax Medicine Company, Memphis, Tenn., and in strict accordance with the standards of the U. S. Pharmacopoeia.

Get Pepsinol from:

Gibson's Drug Store, Alexandria; Purcell and Littlejohn, Leesburg.
